Newsletter date: Friday 2nd October 2026

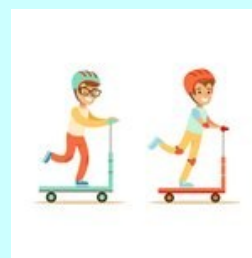

This Weeks News

Thank you to everyone who attended our book fair this week. Due to your fantastic support the school made over £600 pounds! This will mean lots of lovely new books for the school.

This week Year 1 had a trip out to our local area finding out about all the different types of shops and buildings we have near us. They really enjoyed their trip and learning about special shops like the Fishmonger, Bakers and Chemist. Stone Bay will be going next week.

Next week is our Sponsored event week! We are really looking forward to scootering as much as we can round our track and raising as much money as we can for our school! Your support really matters and every penny raised goes towards the children. We are always continuing to develop our provision indoors and outdoors with resources to provide the best learning experiences for the children, enhancing their curiosity and independence.

Flu Immunisations

The School Nursing Team will be coming in to the school on Thursday 8th October to deliver the Childhood Flu Vaccination Programme. If you would like your child to have the flu spray then you must consent via the link attached to the letter which was emailed to parents.

Without this your child will not be able to have it.

The deadline for submitting your consent is 4pm on 5th October 2026.

Lunch time resources

We are really in need of large pieces of material and old sheets that can be used in our den building area. We are also after pegs and even old, small tents would be useful too!

We are also in need of paint brushes and rollers for use with our water and chalk boards. If you have any old brushes or rollers in good condition we would love to have them.

Thank you.

Wednesday 14th October—Parents consultation

Please note that due to the early consultation appointments on Wednesday 14th October, school will close at 2pm on this date. After School Club will still run for those children who **usually** attend on a Wednesday. These children will stay in school and be taken across at 3.00 as normal.
